CPR and First Aid Training Being Offered at Setting Lake

The SLCOA executive has arranged for CPR and First Aid training at Setting Lake for a date to be set for mid-September. This will be a full day course and the certification is good for three years. The cost is \$90 and each person will receive a book. We need commitment from 6 people before the course can be offered. Contact Mary Ballantyne, SLCOA Secretary by August 30 if you are interested.

Chief Place of Residence Declaration Form

Each cottager is being asked by ANA to complete the declaration form found with the 2013 fees statement and return it in the enclosed self-addressed envelope. Everyone needs to do this.

Waste Disposal Grounds

A reminder to dump where indicated, do not bring refuse from town and recycle whenever possible.

NOTES

Thank you to the cottagers who helped mow the lagoon. The executive has discussed the issue of few people doing most of the work and have decided to contract the mowing in the future.

New tires have been installed on the mower kept at the Fire Hall. This mower is used to mow the road ditches and can be towed behind a quad. Contact your Road Rep if you can spare some time to mow.

The prep work for the Fire Hall renovation is underway. We are waiting for the permit to expand the building to accommodate the fire truck given to us by the Paint Lake Fire Department.

New signs have been ordered for the Waste Disposal Grounds and the roads. Contact Joe Correia if you can help with the installation.
