Roads Roads have been graded and gravel is being spread. It has been difficult to coordinate contractors for this work this spring. We have received a quote for calcium from Tiger of \$15,000. We are researching other sources.

Dump The dump has been burned once this spring. The cleanup was well attended by 40 cottagers and some young people. The hot dog lunch afterward was well attended. Metal is being retrieved from the dump to be moved to the metal pile. Vern will be picking up the metal pile. Ewaste is accumulating, but glass in microwaves and tvs is being broken. An ewaste clean up will be done after the July long weekend. The lagoon will be mowed on Monday, July 9 at 9:00 a.m. A sample will be taken on July 9. Pending a good report from the lab, the cell will be drained. A permit will be sought to burn the dump again on July 9.

Fire Fire pumps have been ordered to replace old equipment. Fire practice was held in June. We will be asking Natural Resources to provide us a wildfire course.
